

Water

The Water Division is part of the West Linn Public Works department. The goals of the Water Division are:

Assure water quality meets State and Federal mandated standards.

Assure quantities are available as needed in West Linn.

Provide cash flow to South Fork Water Board.

Provide operational components for emergency conditions.

Minimize water quality complaints.

Ensure community health and public safety through distribution of domestic water in compliance with the Safe Drinking Water Act.

Provide uninterrupted service to all customers while maintaining fire flow reserves on a continuous basis

Implement Water Master Plan.
